**Year: 2025**

## I. Key Outcome Indicators for the LLB in Law Program (2020–2025)

The LLB in Law Program continuously monitors its performance through a set of Key Outcome Indicators aligned with the Faculty’s strategic objectives, quality assurance framework, and student-centered approach.

These indicators provide measurable insights into:

- student growth and retention
- academic success
- satisfaction levels
- research performance
- institutional cooperation and mobility

Tracking these indicators enables the Faculty to evaluate progress, identify trends, and support evidence-based decision-making in teaching, learning, and program development.

The data presented below reflects the program’s performance over the period 2020–2025 and demonstrates its commitment to:

- academic excellence
- sustainable growth
- student success
- staff engagement
- internationalization

This overview serves as a transparent accountability tool and supports the Faculty’s mission to deliver high-quality legal education aligned with European standards.
